

NOW AVAILABLE FOR PASTORS AND CHURCH LEADERS

An updated and revised fundraising course

- Philanthropic Service for Institutions (PSI), in collaboration with the Adventist Learning Community (ALC), has produced a series of five integrated courses, "Understanding and Implementing Fundraising—Essential Principles and Practical Applications."
- This self-paced set of learning tools is accompanied by readings. The learner can take each course individually or the set as a whole, with continuing education credits available.
- Learn the best information and practices in raising funds for your Church and projects! When fundraising is needed for your Church or related organization, you no longer have to say, "Where was I supposed to learn that?!" The answers are here, along with available assistance from PSI.
- Open the ALC website (www.adventistlearningcommunity.com) and search "PSI" to find the courses: Understanding and Implementing Fundraising: PSI Essential Principles and Practical Applications, Courses 1-5.
- Check out our website: www.philanthropicservice.com or contact us at 800-622-1662; helpdesk@philanthropicservice.com
We look forward to hearing from you.
