

# The PreK-12 Information Resource from the Leader in Trusted Research

“The differentiated instruction and PreK-12 Common Core material makes it a recommended database that is relevant in the digital age.”

—School Library Journal

*Britannica School* is the go-to site for research—the core of any inquiry learning model—offering thousands of up-to-date, curated, and curriculum-relevant articles, images, videos, audio clips, primary sources, maps, research tools, recommended Web sites, and three separate databases.

## Built-In Support for Differentiated Learning

Choose from three levels of learning—Elementary, Middle, and High School—for a wealth of unique content to explore. Select an article and adjust its complexity with a single click while maintaining the age-appropriate look—ideal for classes of students at multiple reading levels! Read-aloud functionality and a font size changer are just a few of the features specifically helpful for students with special needs.

## Accurate, Up-to-Date Content Aligned to the Common Core and State Standards

Nonfiction, cross-curricular content in *Britannica School* is updated daily by our editorial team with new and revised articles and multimedia—at least 1,200 entries per month—to keep users informed and engaged.

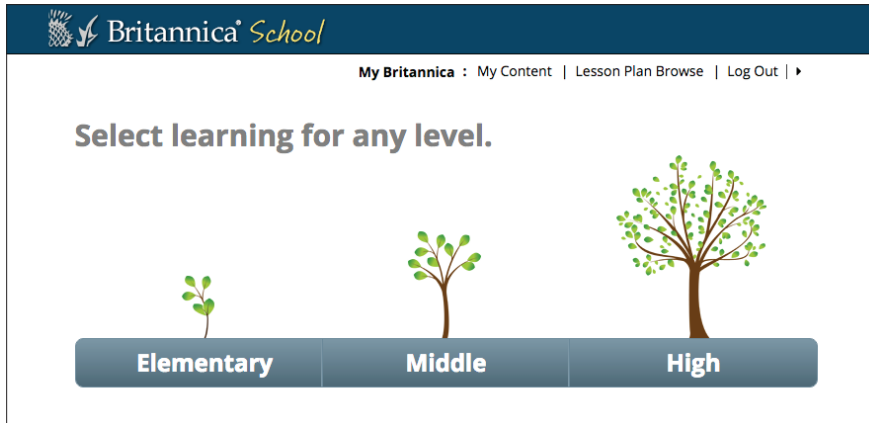

## Time-Saving Research Tools and Usage Reporting

Use handy how-to-conduct-research tools to build essential information literacy skills. Group together related content types for activities or projects using the easy-to-use Content Collector. Review and adapt ready-made lessons on various subjects or create your own with the intuitive Lesson Plan Builder. Check out usage reports documenting the value your subscription provides.

## Responsive Design

Enjoy the same user experience on a tablet, smartphone, laptop, desktop computer, or any Internet-connected device.

## The Online Teaching and Learning Resource Tailor-Made for STEM Education

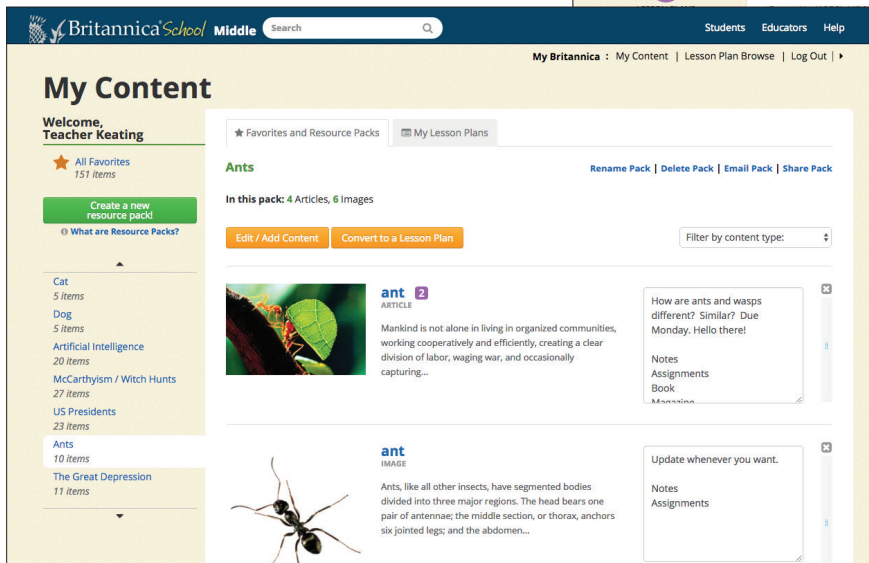

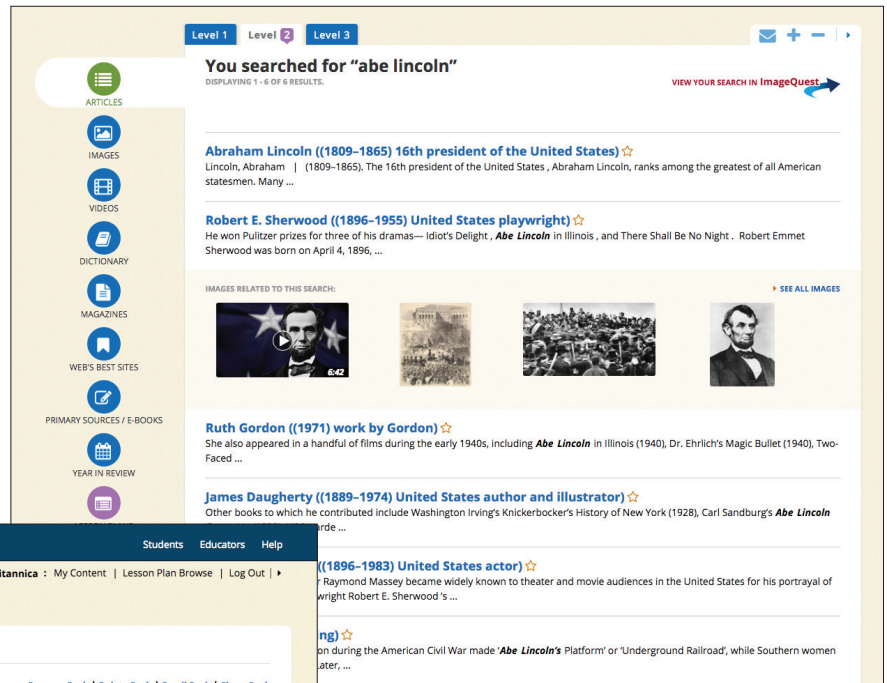

### Support for Differentiated Instruction

Three user-friendly interfaces make it easy to select the portal—Elementary, Middle, or High School—appropriate for each student. A convenient toggle provides instant access to content at different reading levels within the same interface. Read-aloud and built-in translation features support students with special needs and ELLs.

### Nonfiction Content Aligned to the Next Generation Science, Common Core, and State Curriculum Standards

Thousands of curated article entries, magazine, and journal articles; videos; images; audio clips; and primary sources provide the most current, real-world content for discovery and exploratory learning. Britannica’s editorial team adds new content daily.

### Interactivity Immerses Students in the Purposeful Use of Technology

Students and teachers can easily search, tag, save, and share content using the Content Collector. The Lesson Plan Builder helps teachers create collaborative activities for small or large groups.
