VERSACARE STEM GRANT PROGRAM 2019-2020

FACT SHEET

Who may apply?
> Any SDA primary or secondary school that is recognized by the local conference

What grants are available?
> $5,000 for schools with three or less classrooms
> $10,000 for schools with four or more classrooms
> $10,000 for senior academies

When is the application deadline?
> December 31, 2019

Where does one apply?
> Via the online application at www.versacare.org

What documentation is required with the application?
> 1. A list of your current school board members
> 2. A copy of last year's financial statement
> 3. A copy of your school board approved technology plan

How do I provide Versacare with the application documentation?
> You will be prompted to attached the documents while filling out the application

How are the grants awarded?
> Using the random number generator embedded in Microsoft Excel

Are the funds truly awarded without restriction?
> Yes, the only restriction is that they be used for STEM in the classroom

When are the funds awarded?
> At Versacare's annual board meeting in March

How are the funds disbursed?
> A check is sent directly to your school from the Versafund within 30 days of the award

Can my school apply for a regular process grant from Versacare?
> No, Versacare is only awarding STEM grants to schools at this time

How will Versacare communicate with me when the grants awarded are announced?
> All correspondence except for the mailed check is via email; please ensure that you notify
> Versacare if your email address changes or your contact person is replaced by someone else
